

THERAPEUTIC TOUCH LEVEL III

*A professional training of the Institute for Therapeutic
Touch and Integrated Modalities
(Prerequisites: Level I and II)*

Level III focuses on the universal aspects of healing in both theory and practice and allows participants to more deeply access the integration of spirit and matter for self and others. There will be time for deep inner exploration, clearing, and expression. Deeper skills in treatment will flow from the process. Level III is part of the beginning practitioner IV Level Program.
