

# TRANSFORMATIONAL HEALING RETREAT

This year our Healing Retreat invites you to walk outside the yellow lines that confine you, break out of limiting patterns that hold you in old ways of being, think outside the box of who you are and what you do, unravel the mind/body energetics that keep you and your body trapped, touch your soul more deeply, transform your life.

Using an amazing array of transformational techniques/healing work and processes we will gently journey into ourselves to let go and recreate ourselves in greater freedom, joy and peace. There will be opportunity to learn or deepen subtle energy skills for ourselves and others as part of the journey.
